## About Me

I am a third year B.Tech Computer Engineering student studying in NMIMS college in Kharghar. I have great interest in programming especially in C++, Java and Python. I am determined to develop a strong foundation in computer science, and improving my programming skills by working on various projects and coursework. I am a strong believer in team work. I also have great interest in Web Development and am currently undergoing a course on Full Stack Web Development to widen my knowledge. I was also an executive member of the Infinix club within my college and helped in organizing the Pandora's Box event for the Ignite Fest within my college.
